LA GARNATXA FOSCA DEL PRIORAT 2019

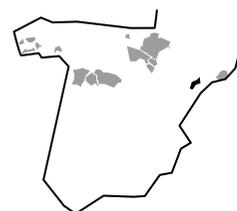

The character and the personality of a unique territory.

ORIGIN

This collection is a tribute to Garnacha, a variety historically forgotten and neglected because of its complicated viticulture, to which we are truly devoted here at Vintae. Both Richi Arambarri, CEO of the company, and Raúl Acha, technical director, come from Alto Najerilla, the area of La Rioja with the highest concentration of old vineyards of this variety, which they both know well. Their family vineyards are the starting point to explore the Ebro Valley in search of the best Garnachas, which transfer the landscape they come from to the glass.

With this project we want to demonstrate that Garnacha is a world-class variety and we do it through six wines made in five different areas of Aragón, Catalonia and Rioja, where we have gone in search of and recovered old vineyards. We arrived at La Garnatxa Fosca del Priorat vineyard in search of the minerality of its soils and the Mediterranean influence.

2019 VINTAGE

Year marked by drought. After a very mild winter, budding was slow to arrive in a cool and dry spring. The vineyard suffered a historic heatwave that even burned part of the harvest at the end of June. The summer continued very hot and little rainy but we have some rain at the key moments to keep the grapes in perfect health. The vintage was scarce but had an exceptional and very balanced quality.
